

**NO TURNING BACK (BENNETT/YOUNG)**

**One star falling through the sky**

**One planet orbiting**

**One life travels much too far**

**Breaking through the atmosphere**

*There's no turning back*

*We've gone too far this time*

*Gave me your heart and I gave you mine*

*There's no turning back my love*

**If my eyes of flesh are closed**

**It's only so that I can see**

**If love is only mortal flesh**

**The spirit must be guiding me**
