

**One Of A Kind (Bennett/Young)**

**This was always meant to be**

**You and I live in this dream**

**Climbing the mountain won't be so easy**

**When we reach the top you're gonna fly with me**

*One of a kind, one of a kind-you've been on my mind*

*One of a kind, one of a kind-'til the end of time*

**We're gonna make it one way or another**

**Our faith will see us through**

**Our heart and soul are woven together**

**So glad fate sent me to you**
